CCHN ACTIVITIES 2019

The Centre of Competence on Humanitarian Negotiation (CCHN) regularly organizes activities for frontline staff and operational managers of humanitarian organizations involved in humanitarian negotiations. Some activities are organized in collaboration with the Strategic Partners: ICRC, WFP, MSF, UNHCR and HD.

TWO-STEP LEARNING PATHWAY

Level 1: Introduction to practical negotiation tools with peer support methodologies. Open to humanitarian practitioners with at least 3 years of field experience.

Peer Workshops aim to develop field practitioners’ capacity to analyze the humanitarian negotiation environment they work in.

Training of Facilitators introduces participants to facilitation techniques to guide peer discussions using the CCHN Field Manual.

Peer Circle Program provides an opportunity for field practitioners to apply CCHN tools and methods as part of their day-to-day work.

Specialized Sessions provide an opportunity to apply CCHN tools and methods to specific operational challenges.

Thematic Retreats are organized with the support of subject-matter experts for experienced frontline negotiators.

Level 2: Advanced-level activities, open to field practitioners who previously completed a Level 1 activity.
