**FRONTLINE  
NEGOTIATIONS**

CENTRE OF COMPETENCE ON  
HUMANITARIAN NEGOTIATION

The Centre of Competence on Humanitarian Negotiation (CCHN) regularly organizes workshops and in-depth activities in operational contexts for humanitarian professionals engaged in frontline negotiation, articulated around 3 levels of engagement and special joint programmes. Some activities are organized in collaboration with the Strategic Partners: ICRC, WFP, MSF, UNHCR and HD.

## 3 LEVELS OF ENGAGEMENT

- **Level 1:** Introduction to practical negotiation tools with peer support methodologies. Open to humanitarian practitioners with at least 3 years of field experience.
  - **Peer Workshops** aim to develop field practitioners' capacity to analyze the humanitarian negotiation environment they work in.
- **Level 2:** Specialized activities, open to field practitioners who previously completed a **Level 1** activity.
  - **Specialized Sessions** provide an opportunity to apply CCHN tools and methods to specific operational challenges.
  - **Training of Facilitators** introduce participants to facilitation techniques to guide peer discussions using the CCHN Field Manual.
- **Level 3:** Advanced-level activities for members who previously completed both a **Level 1** and **Level 2** activity.
  - **Peer Circles** provide an opportunity for field practitioners to apply CCHN tools and methods as part of their day-to-day work.
  - **Thematic Retreats** are organized with the support of subject-matter experts for experienced frontline negotiators.
  - **Community Assembly** provides a unique opportunity to (re-)connect with peers, review operational challenges and develop advanced negotiation skills.
